

EXCITING OPPORTUNITY

Over the past 100 years, AIC Kijabe Hospital continues to provide **compassionate** and **quality** health care services. Anchored on the vision to “Be a God – glorifying and transformative leader in the provision of excellent healthcare and education in Africa, we recognize that a team of people with great **character**, **compassion** and excellent **skills** are our most valuable resource to our Patient care. To strengthen our team, we are seeking to fill the following position:

SOFTWARE AND SECURITY OFFICER

Reporting to the **MANAGER, SOFTWARE AND IT OPERATIONS**.

Purpose: To glorify God by enhancing the overall security of applications, implementing and managing security tools, and ensuring compliance with the latest security standards and practices.

Job Duties and Responsibilities

- Implement secure coding practices and integrate security tools within the CI/CD pipeline.
- Conduct regular security assessments and code reviews to identify and mitigate vulnerabilities
- Develop and enforce security policies and procedures
- Ensure compliance with relevant legal and regulatory security standards
- Respond to and manage security incidents, including conducting post-incident analysis
- Regularly update the security incident response plan
- Conduct training sessions for the development team on secure coding practices
- Work closely with the ICT team to align security measures with organizational goals

Applicants Qualifications, Experience, Competencies and Attributes

- Bachelors Degree in computer Science, Information Techonology or related field
- Certification in cybersecurity such as, CISSP CISM or similar
- Minimum of one year experience in software development with a focus on security
- Proven experience in DevOps practices and tools
